Scarborough Middle School Parent Survey

Our school is offering this parent survey to learn more about your experiences this year with delivery of instruction and how student achievement has been reported. More specifically, much work went into updating reporting practices this year to ensure we are improving efforts to communicate what students know and are able to do, and we are circling back now to get your feedback.

You will be asked information about two categories: content/instruction and communication/reporting. Following those sections there will be an opportunity for you to provide open comments. This survey will not ask you for any information that might identify you. Feedback is also being gathered from teachers and students. Thank you in advance for providing us with your honest feedback.
